

**Certification of No Change or Non-Material Change
on Behalf of Registered Franchisor**

As authorized representative of _____ [Franchisor],
I certify as follows:

1. On _____, (the "Registration Date"), the U.S. Small Business Administration ("SBA") listed _____ [franchise program] on its Franchise Registry as complying with SBA's franchise eligibility guidelines.
2. This registration followed SBA's review of a package of documents (the "Franchise Documents") that Franchisor requires its franchisees to sign in order to participate in _____ [franchise program].
3. (Check one of the following):

- There have been no changes to the Franchise Documents since the Registration Date or the date of last re-certification.
- There have been Non-Material Changes (changes to the Franchise Documents that are not related to SBA's eligibility guidelines and that do not require a change to worksheet responses) since the Registration Date or the date of last re-certification. I have submitted to SBA's contractor, FRANDATA, a copy of this certification, a complete set of the current Franchise Documents, a new worksheet (only if necessary to reflect changes to the Franchise Document), and a redlined set of the Franchise Documents indicating all revisions since the Registration Date or the date of last re-certification.
