Additional Details:

- Your loan will be approved for the highest increment that you qualify for based on Innovative Bank’s loan scoring system. This system is based on a combination of personal credit history and the information we receive in your completed application package. It is essential that your application is thoroughly completed so the most accurate loan decision can be made.
- There is a Packaging Fee of \$475.00 charged by Innovative Bank to process and fund all loan amounts. The check should be drawn on a verified business account and be included in your application package. The check will not be cashed until your loan is approved and funded.
- The one-time SBA Guaranty fee will be automatically removed from the loan proceeds – you will not have to complete an additional check.
- Loan proceeds will be automatically deposited into the verified business checking account you supply. The funds will usually appear in your bank account within 24 hours depending on the bank.
- Monthly payments will be removed automatically from your business checking account beginning the first business day of the following month that you were funded.
- If Innovative Bank must decline your loan application we will send a letter outlining the specific reason for denial. No fees will be collected and your check will never be cashed if you are declined for a loan. There will also be instructions on how to obtain a free copy of your personal credit history on the bottom of your letter.
- If you need additional information please contact Innovative Bank at 866-812-1216, option 1.
